

PORTABLE SOLAR CHARGER

- USB solar charging system
- Light and Compact
- Charge mobile devices

TELEMATICS

Converting virtually unlimited supply of solar power to much needed battery juice for your mobile devices such as an iPhone, iPad and many, many more USB portable devices while you are on the go or there is a power outage or disaster strikes, the Instapark Mercury 27 is a light and compact USB solar charging system that easily fits in your messenger bag or backpack. It combines four solar panels totaling 27 watts and folds up into a pack about the same size as a fashion magazine, but only thinner and lighter.

- Solar Panel Wattage: 27W
- Solar Panel Type: Mono-crystalline
- Total # of Outputs: 3
- # of DC 12V Port: 1
- Maximum Output Power: 27 watts
- # of DC 5V USB Port: 2
- Maximum Output Power: 15 Watts (Combined)
- Open-Circuit Voltage: 16 - 18V
- Operating Temperature: 0-120 F
- Dimensions:
- 36" x 11.5" x 0.1" (unfolded)
- 11.5" X 8" X 2" (folded)
- Weight: 2 lbs 8 oz
